

## **The University of Mississippi**

### **ELEVATORS**

**Purpose/Summary: This policy defines the expectations for appropriate use of residence hall elevators.**

Each resident is responsible for the proper use and care of residence hall elevators. Residents are not to overload or force the doors of elevators. Unauthorized personnel are prohibited from entering the elevator shaft. Emergency call buttons are to be used only in case of an emergency. Elevator surfing is considered extremely dangerous. Students found tampering with, vandalizing, surfing, or misusing the elevators are subject to judicial action with possible eviction from Residence Halls. Repairs to elevators can be extremely expensive and vandalism charges are routinely billed back to individuals, floors, or hall communities if violators cannot be found.
