

The University of Mississippi

UNIVERSITY OWNED FURNITURE

Purpose/Summary: This policy describes Student Housing's expectations regarding furniture, both in individual rooms/apartments and public areas of residence halls. University-owned furniture may not be removed from residence hall rooms or apartments. The policy also describes sanctions for violating the policy.

Residents are responsible for the furniture in their room and/or apartment. The assigned furniture must be kept in the room or apartment the entire academic year. Removing furniture from the floor lounges, laundry rooms, study rooms or other common areas for your room is not permitted and will result in a fine and disciplinary action. In addition, University owned furniture is not allowed outside the student residences. Residents who move furniture outside of their room or apartment will be charged for repairing/replacing the furniture, in addition to being assessed a fine. Students who have removed furniture from their room or apartment and find that it is unavailable at the time of check-out will be assessed the full replacement cost at current market price for those items, and face possible University judicial action for theft of University property.
