

## Courses of Instruction

In the Graduate and Undergraduate Catalogs and the Academic Structure are listed and described all courses taught in the schools and departments of the University except for the School of Law (see the *Law School Bulletin*) and the various schools at the University of Mississippi Medical Center in Jackson (see the *Bulletin of the University of Mississippi Medical Center*).

The courses are presented by departments or programs and are listed alphabetically. The subject name (the heading in large bold type) together with the course number constitutes the official designation of the course for the purposes of registration and official records. The official course title also appears in all capitals following the course number. The figures in parentheses after the course description denote the number of semester hours of credit for the course. Subtitles indicate subdivisions within the department and form no part of the actual course description.

The following is the course numbering system used by the University.

1-99	Courses that accrue no credit toward a degree; these courses do count toward a student's gpa
100-299	Lower Division courses
300-499	Upper Division or Advanced courses; open to students who are classified as sophomores or higher; open to freshmen by permission of the department offering the course
500-599	Courses open (as graduate credit) to graduate students and (as undergraduate upper division credit) to undergraduate students who are classified as juniors or seniors
600-799	Courses open only to graduate students

Prerequisites are listed for some courses. A student may not take a course unless these prerequisites have been met. Exceptions can be made only in special cases with the prior consent of the instructor, the department chair, and the dean. A student who has failed one semester of a continuous sequence (such as Engl 101, 102; Math 261, 262, 263, 264; or Span 101, 102, 201, 202) may not enroll in a subsequent course in that sequence until the failed course has been passed.
